Where the Funds Go
The funds raised from the Ride for Roswell go directly to the Roswell Park Alliance Foundation, the 501(c)(3) not-for-profit organization that manages all donations to Roswell Park Comprehensive Cancer Center. These funds help support the cutting-edge cancer research and full range of patient-care programs offered at Roswell Park. From researchers and physicians to patients and families to community members who want to make a difference, everyone who joins in the Ride for Roswell is working together to reach a common goal: ending cancer.

Every dollar raised makes an impact. Together, we will keep riding until no one’s life is devastated by a cancer diagnosis ever again.
